European Solidarity Corps Project

STRIM YOUTH DEVELOPMENT AND INTEGRATION ASSOCIATION (Stowarzyszenie Rozwoju I Integracji Młodzieży)

Our project will allow volunteers from European countries to become actively involved in the activities of Krakow's educational institutions, freeing their creativity, local and civic activity. **The aim of project is to provide European youth with opportunities to develop knowledge, skills and attitudes through the work in the Polish educational institutions involved in non-formal and informal education**

In the host organizations volunteers will have two main tasks: active participation in the daily life of their organization and give the intercultural dimension in the activities of their projects by conducting their own creative animations and workshops. Although volunteers will work in different institutions, coordinating organization STRIM will remain in touch with them. We will invite the volunteers to take part in our meetings, discussions and presentations.
