

# CALL FOR PARTICIPANTS : YOUTH EXCHANGE GREENTivism

Are you between **18 and 30 years old** and want to participate in the development of our eco-village, experience a way of living more close to nature and gain skills in ecological woodworking activities, permaculture gardening ? Don't wait any longer!

Come and take part in our **Youth Exchange : "GREENTivism"** set up by the association **Vir'Volt** in France.

The Youth Exchange is organized around a shared desire to learn hard skills on how to live more sustainably, build with sustainable techniques and engage in ecological community-building projects.

- Exchanges and workshops on the challenges and solutions different european countries face in regards to climate change.
- Participating in the construction of an eco-village, learning sustainable woodworking techniques.
- Participating and taking care of a permaculture garden.
- Sharing your experinces and modes of action to create sustainable projects and to reshape communities around the question of nature protection.
- Elaborating delicious vegetarian and seasonal recipes.

**And all this in a group composed of several young people from other European countries at Vir'Volt !**

You will **live in a community** and **will actively participate in the organization of the days** that will be divided between manual workshops, activities and animation sessions on **diversity, anti-discrimination, eco-citizen practices, sustainability, project création** etc. as well as **taking care of the collective life of the camp (cooking, cleaning, food shopping)**. Collective responsibility for cooking and daily cleaning tasks are at the core of our eco-village project and might differ from some other "all inclusive" youth exchanges.

We will also **share moments with the citizens of the city** as well as **information about mobility** and different cross border solidarity activities that exist.

If all these topics speak to you and you want to participate in an intercultural experience in an environmental context, **then apply now !**

See you soon at Vir'Volt !

## WHAT'S VIR'VOLT ?

It is an association located in the middle of nature. It exists since 1995 and welcomes volunteers from all over the world to share an intercultural experience, to work and live together, to learn to appreciate diversities and to act together to protect the environment.
